TITLE INDEX 1955*

RESEARCH IN GENERAL

ONR and the Navy's Public Information Policy, January
The Navy's Role in Support of Basic Research, I. Estermann, July
Research Coordination, I. Estermann, August
Navy Administration of Research and Development, CAPT L. D. Coates, September
Navy Research in Southern California, CAPT D. P. Tucker, October
Military Requirements for Non-Weapon Nuclear Products, J. B. Macauley, November

EARTH SCIENCES

Naval Research and the International Geophysical Year,† February
The ATKA Antarctic Expedition,† February
Contouring Ocean Waves, W. Marks, March
Arctic Research Laboratory, April
Down to Earth on Eniwetok, H. S. Ladd and S. Schlanger, June
Salt Dust from the Sea, A. H. Woodcock, August
The Moon Position Program of I.G.Y., W. Markowitz, September

MATERIAL SCIENCES

Nuclear Powered Aircraft, D. M. Walley, January
SPIA, P. K. Reilly and K. G. Britton, April
Scientific Tests for Explosives,† May
Aerothermopressor, A. H. Shapiro, June

PHYSICAL SCIENCES

An Instrumentation Reference Center, R. E. Gomory, July

MATHEMATICAL SCIENCES

SEAC Determines Law Bidders, A. J. Hoffman, April
Electronic Computers for Navy Business, F. D. Rigby, May
The Variable-Angle Launcher, July
Linear Programming, A. J. Hoffman and V. L. Voegeli, August
Logistics Research for the Navy, VADM R. E. McShane, November

BIOLOGICAL SCIENCES

The Individual vs the Team Attack in Medical Research, A. S. Coburn, February
If There Isn't Enough to Eat, F. H. Quimby, March
The Navy's Most Prevalent Disease, W. E. Ludwick, April
Microbes With an Appetite for Iron, May
Wire-Tap on the Heart, July
Fish as Food for Viruses, Roger D. Reid, August
Resistance to Insecticides and the Study of Evolution, D. J. Merrell, August
Use of Marine Fungi in Biological Research, H. H. Vishniac, September

*Articles are arranged chronologically under the ONR Division having cognizance of the research described.
†Written by the editorial staff of Research Reviews.

BIOLOGICAL SCIENCES—Continued

Experimental Tooth Decay in Gnotobiotic Rats, F. J. Orland, November

A Navy Medical Team Studies Fallout Effects, November

Atherosclerosis: The Inconspicuous Killer, J. F. Saunders, December

PSYCHOLOGICAL SCIENCES

Conditions Affecting Cooperation, M. Deutsch, March

A Method for Evaluating Training Programs, W. B. Webb, May

The Navy's Attack on Problems of Delinquency, J. D. Grant, June

Physiological Psychology Symposium, C. H. Maag, August

Once Again - Motion Sickness, R. Trumbull, December

NAVAL SCIENCES

Naval Air Development Unit and W-2,† January

Flat TV Tubes for Instrument Flying,† February

The Navy's Stake in Underwater Acoustics, F. R. Furth, March

For Research - A "Flying Platform," May

A New Look for Aircraft Instrumentation, G. W. Hoover, May

LABORATORIES OF ONR

Cathodic Protection Progress Report, January

Communication Patterns in Small Groups, M. E. Shaw, January

The Earth Photographed from 158 Miles Up, R. C. Baumann and L. Winkler, February

Marine Borer Research, T. R. Sweeney, February

A Jet as a Cold-Weather Hole-Digger,† May

Magnetic Particle Clutch,† May

The Solar Eclipse of 1954, J. P. Hagen, May

Nuclear Reactor at NRL,† June

Illumination with Radioactive Isotopes, L. J. Boardman, July

Nuclear Energy Makes Dielectric Materials,† August

The New "Hot Lab" at NRL,† August

Detection Kit for Showing Contamination in Aviation Gasoline, J. A. Krynitsky and W. D. Garrett, September

Lay-Up of Composite Photographic Map, Otto Berg, September

High-Altitude Portrait of Storm Clouds, Otto Berg, September

Balloons and Weather Forecasting,† October

Teflon—The Miracle Lubricant,† October

Preface to Space Flight, S. V. Amico, November

A 200-Pound Weather Station Built to Air-Drop,† December

MISCELLANEOUS

Supersonic Wind-Tunnels at DTMB,† April

The Use of Reinforced Plastics in Aircraft Structures, J. M. Stevens and P. M. Goodwin, June

Improved Small Boats for the Navy, W. R. Graner, June

Navy Diving Research, September

A Library Panel Speeds the Flow of Information, W. E. Jorgenson, October

Navy Leaders Stress Importance of Men and Science, October

How Navy Swimmers Take Underwater Pictures,† October

VANGUARD Gets Underway, November

Tropical Deterioration Research,† December

AUTHOR INDEX 1955

Amico, G. V., November

Baumann, R. C., February, co-author
Berg, Otto, September
Boardman, L. J., July
Britton, K. G., April, co-author

Coates, L. D., September
Coburn, A. S., February

Deutsch, M., March

Estermann, I., July
Estermann, I., August

Furth, F. R., March

Garrett, W. D., September
Goodwin, P. M., June, co-author
Gomory, R. E., July
Graner, W. R., June
Grant, J. D., June

Hagen, J. P., May
Hoffman, A. J., April
Hoffman, A. J. August, co-author
Hooner, G. W., May

Jorgensen, W. E., October

Krynitsky, J. A., September

Ladd, H. S., June
Ludwick, W. E., April

Maag, C. H., August
Macauley, J. B., November
Markowitz, W., September
Marks, W., March
McShane, R. E., November
Merrell, D. J., August

Orland, F. J., November

Quimby, F. H., March

Reid, Roger D., August
Reilly, P. K., April, co-author
Rigby, F. D., May

Saunders, J. F., December
Schlanger, S., June, co-author
Shaw, M. E., January
Shipiro, A. H., May
Stevens, J. M., June, co-author
Sweeney, T. R., February

Trumbull, Richard, December
Tucker, D. P., October

Vishniac, H. S., September
Voegeli, V. L., August, co-author

Wally, D. M., January
Nuclear Powered Aircraft
Webb, W. B., May
Winkler, L., February, co-author
Woodcock, A. H., August
